Beach Ball Blitz

Now an iconic symbol of summer, beach balls were invented in the late 1930s and were only about the size of a person's hand. The inflatable plastic toys, usually featuring a pattern of brightly colored stripes, floated to fame during the "beach party" film craze of the '60s. Now, beach balls come in all kinds of designs and sizes, with extra-large versions a popular sight at special events and photo shoots.

A Flavor That Rocks

Rich chocolate ice cream studded with almonds and a sticky river of marshmallows—that's the recipe for one of America's favorite ice cream flavors, rocky road. While origin stories for the sweet treat vary, food historians agree that the concoction was invented in the 1920s and was the first ice cream sold with mix-ins, rather than a plain flavor with toppings added separately. The name is said to represent the bumpy texture created by the nuts as well as the "rocky road" of life that many folks were traveling down during the Great Depression.
